

Automatic Video Chapters

Enhance viewer experience by adding chapters to your video. Highlight key sections and make easier for viewers to jump to them.

Chapter Your Videos with SUPA-eCart

Should I Use Chapters & Highlights in My Videos?

Enhanced Navigation

Make your videos easy to navigate with clickable chapters

Viewer Satisfaction

Improve the viewing experience, keeping your audience engaged.

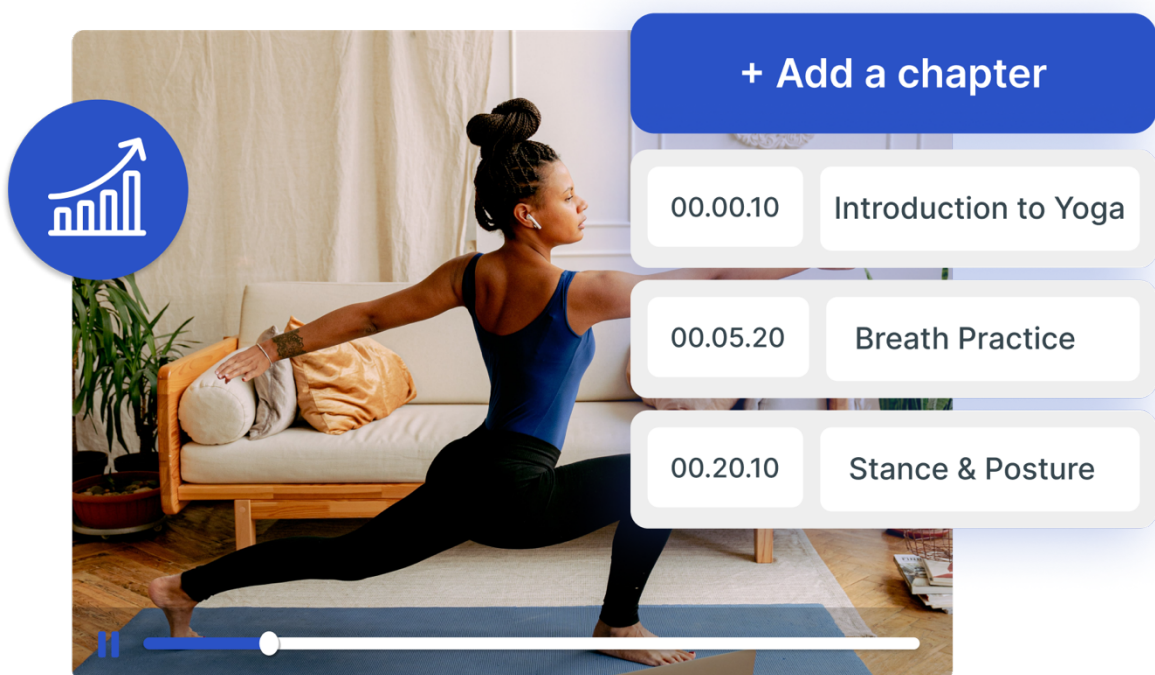

Time-Saving

Help viewers find exactly what they're looking for, fast.

Learning Optimized

Ideal for tutorials and online courses. Navigate presentations with ease.

Video Chapters for Easy Navigation

With Video Chapters, your viewers can easily skip to the parts of the video they're most interested in. No more scrubbing through the timeline – a simple click, and they're exactly where they want to be.

Jump Right to the Good Stuff

- No third-party costs
- Unlimited transcriptions
- All-inclusive with your SUPA-eCart account

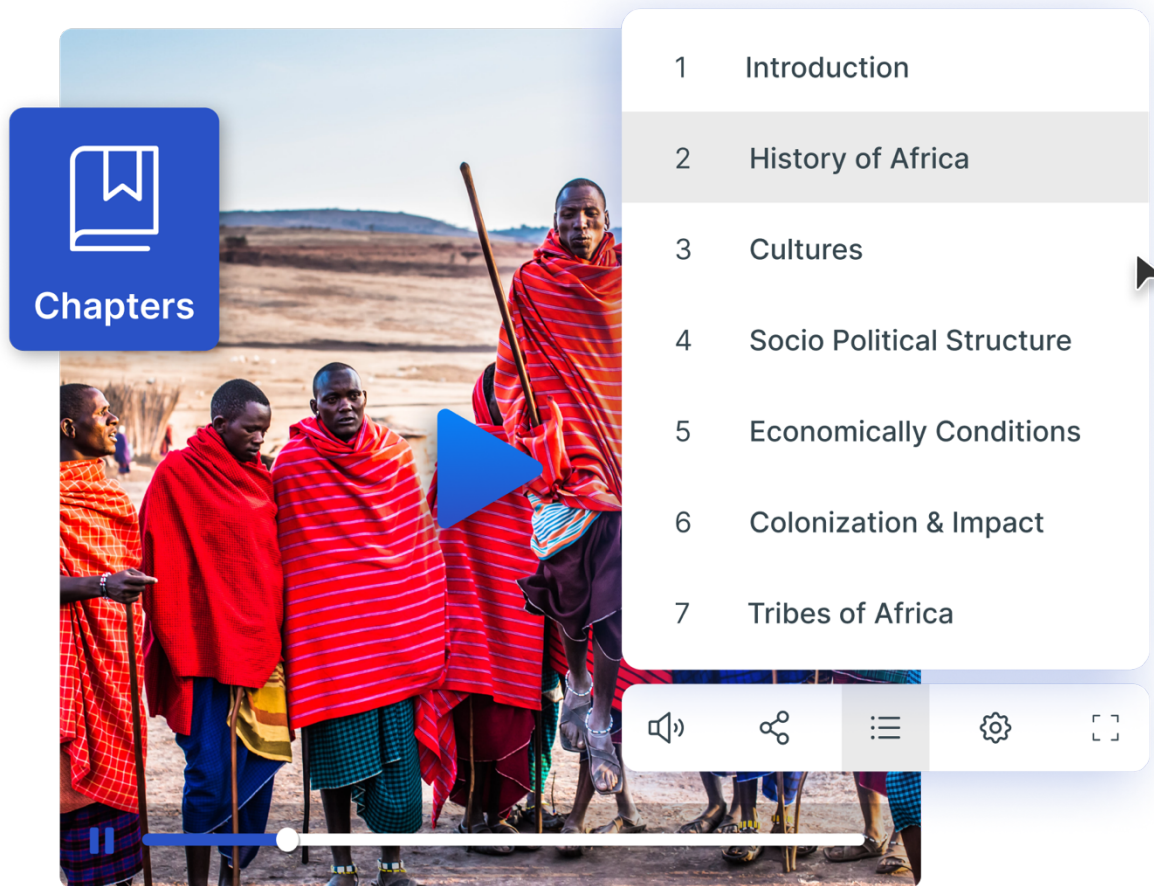

Transform Learning, Webinars and Workshops With Video Chapters

Video Chapters revolutionize educational content such as guides, training or webinars, workshops or how to's by allowing viewers to directly visit the key points without scrubbing through hours of footage.

Empower Learning

- Ideal for online courses and tutorials
- Facilitates targeted learning
- Simplifies content revision

Master Long-Form Content

With video & audio chapters, you can keep your audience captivated with well-organized, long-form content. From documentaries to serialized storytelling, viewers can navigate to their points of interest or catch up on missed segments effortlessly.

Storytelling Made Easy

- Ideal for serialized content and documentaries
- Enhances viewer retention
- Supports episodic viewing experiences
